

## Calculator Policy for MCAP Mathematics Assessments

A grade/course appropriate calculator will be provided through the computer-based delivery system for the MCAP Mathematics Assessments for grades 3-8 and Algebra I, Geometry and Algebra II on items that allow the use of a calculator.

Grade/Course	Description of the Provided Calculator
3-5	<ul style="list-style-type: none"> <li>• Four-function calculator with square root and percentage functions labeled "Five Function Calculator"</li> <li>• Four-function calculator with square root and percentage functions labeled "Desmos Basic Four Function Calculator"</li> </ul>
6-7	<ul style="list-style-type: none"> <li>• Four-function calculator with square root and percentage functions labeled "Five Function Calculator"</li> <li>• Four-function calculator with square root and percentage functions labeled "Desmos Basic Four Function Calculator"</li> </ul>
8	<ul style="list-style-type: none"> <li>• Scientific calculator</li> <li>• Desmos version of scientific calculator</li> </ul>
Algebra I Geometry Algebra II	<ul style="list-style-type: none"> <li>• The TI-84 CE graphing calculator</li> <li>• Desmos version of graphing calculator</li> </ul>

The School Test Coordinator (STC) should ensure that students are provided with the accommodations or accessibility features listed on an approved IEP or 504-plan specifically for use during MCAP testing. Students whose accommodations specify the use of a calculator for non-calculator items must be provided with an approved hand-held calculator for the entire test.

For additional information about the use of calculators for students with a 4d or 4e accommodation, refer to the Maryland Assessment, Accessibility, and Accommodations Policy Manual or reach out to the STC in your school.
