

4.11 Script for Administering Mathematics

4.11.1 Grades 4 and 5 Mathematics – All Sections

The administration script under Section 4.11.1 will be used **for all Sections** of the Grades 4 and 5 mathematics test.

Test Administrators are required to adhere to the scripts provided in this manual for administering the MCAP assessment. Read word-for-word the **bold** instructions in each SAY box to students. You may not modify or paraphrase the wording in the SAY boxes. Some of the SAY boxes are outlined with a dashed line and should **ONLY** be read aloud if they are applicable to your students. Test Administrators should be familiar with the script before administering the assessment.

| Section | Section Testing Time | Required Materials | Start Time | Stop Time |
|--|------------------------|--|------------|-----------|
| Sections 1–4 | 40 Minutes per Section | <ul style="list-style-type: none"> • Test books • Answer documents • Mathematics reference sheets • Rulers and protractors • Pencils • Scratch paper • Calculators (Sections 2 and 4 ONLY for all students) | | |
| End of each Section – Students Stop | | | | |

Instructions for Preparing to Test

| | |
|--|--|
| | <p>Today, you are going to take the mathematics assessment.</p> <p>You may not have any unapproved electronic devices at your desk. Making calls, texting, and taking pictures are not allowed. If you have any electronic devices, including cell phones, with you right now, please turn them off and raise your hand. If you are found to have unapproved electronic devices during testing, your test might not be scored.</p> |
|--|--|

If a student raises their hand, collect the electronic device (or follow your school/LEA policy) and store it until the Section is complete. Certain electronic devices may be allowed for accommodations purposes only during testing. Contact your Test Coordinator if you have questions regarding electronic devices.

| | |
|--|---|
| | <p>Please sit quietly while I distribute the test materials.</p> |
|--|---|

Distribute scratch paper, wooden No. 2 pencils, and approved accessibility/accommodations tools, if needed for certain students. Then, distribute all test materials (see required materials list above).

| | |
|--|--|
| | <p>If Section 1: Write your first and last name at the top of your test book and answer document in Box A.</p> <p>If Section 2, 3, or 4: Check to make sure your first and last name is written at the top of your test book and answer document in Box A.</p> |
|--|--|

Make sure that each student has written their name on the test book and answer document.

Instructions for Administering All Sections

Using the Section Tabs on the edge of the page, open your test book to the first page of Section __ (fill in the appropriate Section number) and follow along while I read the directions.

Today, you will take Section __ (fill in the appropriate Section number) of the __ (fill in the appropriate grade level) **Mathematics Test**.

(Read the appropriate calculator direction)

You (will not/will) be allowed to use a calculator.

Section 1 – Non-calculator

Section 2 – Calculator

Section 3 – Non-calculator

Section 4 – Calculator

Read each question. Then, follow the directions to answer each question. Mark your answers by completely filling in the circles in your answer document. Do not make any pencil marks outside of the circles. If you need to change an answer, be sure to erase your first answer completely.

If a question asks you to show or explain your work, you must do so to receive full credit. Only responses written within the space provided will be scored.

If you do not know the answer to a question, you may go on to the next question. If you finish early, you may review your answers and any questions you did not answer in this Section **ONLY**. Do not go past the stop sign.

Turn to the next page while I continue to read the directions.

Directions for Completing the Answer Grids

1. Work the problem and find an answer.
2. Write your answer in the boxes at the top of the grid.
3. Print only one number or symbol in each box. Do not leave a blank box in the middle of an answer.
4. Under each box, fill in the circle that matches the number or symbol you wrote above. Make a solid mark that completely fills the circle.
5. Do not fill in a circle under an unused box.
6. Fractions cannot be entered into an answer grid and will not be scored. Enter fractions as decimals.
7. See below for examples on how to correctly complete an answer grid.

This is the end of the directions in your test book.

When you see a GO ON sign in your test book, you may go on to the next page. When you reach a STOP sign in your test book, do NOT go on until directed to do so.

Examples of the GO ON and STOP signs are posted on the board.

If you finish early and have completely checked your work, raise your hand and I will collect your test materials. Once I have collected your materials, you cannot get them back.

Read only one choice from OPTION A, B, or C below based on your LEA or LEA 24 policy (refer to your School Test Coordinator).

| | |
|--|---|
| | <p>OPTION A</p> <p>After I have collected your test materials, please sit quietly until the Section has ended.</p> |
| | <p>OPTION B</p> <p>After I have collected your test materials, I will dismiss you.</p> |
| | <p>OPTION C</p> <p>After I have collected your test materials, you may read a book or other allowable materials until the Section has ended.</p> |

| | |
|--|--|
| | <p>Do you have any questions?</p> |
|--|--|

Answer student questions.

Create a timing box to include the Section number, Starting time, and Stopping time for students.

| | |
|--|---|
| | <p>You will have 40 minutes to complete this Section. I will let you know when you have 10 minutes of testing time left.</p> <p>Turn to the next page. You may begin working now.</p> |
|--|---|

Actively proctor while students are testing:

- Redirect students as necessary (Section 4.6.2).
- Collect test materials as students complete testing.
- If students have questions about an item, tell them, “Do the best you can.”
- If students indicate that a test item seems irregular, refer to Section 4.6.4.

Instructions for Taking a Break During Testing

The following are permitted during test administration at the discretion of the Test Administrator:

- One stretch break of up to three minutes for the entire classroom during testing for each Section. The stopping time should be adjusted by no more than three minutes if there is a stretch break.
- Individual restroom breaks during testing (do not adjust stop time).

The following security measures must be followed:

- Students must be supervised at all times during breaks.
- Test books and answer documents must be closed or covered.
- Students are not permitted to talk to each other during testing or breaks during testing.
- Students are not permitted to use electronic devices, play games or engage in activities that may compromise the validity of the test.

If taking a three-minute stand and stretch break during the Section:

| | |
|------------|--|
| Say | Please stop testing, place your scratch paper in your answer document, place the answer document in the test book, and close your test book. We will take a silent three minute stretch break. No talking is allowed. |
|------------|--|

After taking a classroom break, ensure students open their test books and answer documents and continue testing where they left off.

| | |
|------------|--|
| Say | Open your test books and answer documents and continue testing. |
|------------|--|

Instructions for When 10 Minutes of Section Time Remain

When 10 minutes of section time remain,

| | |
|------------|---------------------------------------|
| Say | You have 10 minutes remaining. |
|------------|---------------------------------------|

Continue to actively proctor while students are testing.

Instructions for Ending the Section

When the section time is finished,

| | |
|------------|--|
| Say | Stop working. Testing time has now ended. Close your test book and answer document. I will collect your test materials. |
|------------|--|

- Collect test books, scratch paper, testing tools, and accessibility/accommodations tools (as needed) from students.
- If testing another Section on the same day, take a break and then read the script to begin the next Section. At that time, materials and test books may be redistributed.
- After all testing has ended for the day, return all test materials to your School Test Coordinator. Report any missing materials and absent students.
- Report any testing irregularities to your School Test Coordinator.

Note: If you are administering more than one Section during the same day, allow students to take a short break (e.g., restroom break, stretch break) or an extended break (e.g., lunch). Test books and answer documents should be collected and secured if the break exceeds 15 minutes. The Test Administrator must remain with the test books and answer documents at all times unless they are secured. Once students have returned and are seated, read the script to move onto the next Section.

The previous directions should be used for all Sections of the Grades 4 and 5 Mathematics Assessments.
